Summary

I am a 22 year old college student who is currently studying Information technology at Kean University.

Experience

DSV | Iselin, NJ

Student Assistant | 08/2022

I was hired at a time where they were a little short staffed, and needed someone to scab documents pertaining to employee files. After a year working with the files, I began to help the IT department from time to time setting up work stations, and learning things from them.
